# The World's Biggest Display of Bénéteau Yachts

You are invited to join **Ancasta** at the 2011 Paris Boat Show.

We're excited to announce that the **Sense 55** will be launched to the world's press on the **Beneteau** stand and will be available for you to view during the show. Also on display will be the **Oceanis 41, 45 & 48** following their hugely successful launch in September. Alongside these outstanding new models will be almost every other model in the **Beneteau** yachts range so don't miss this chance to combine a great few days in Paris with a chance to get on board your favourite **Beneteau** model.

The Paris show is entirely indoors, and as you would expect, has the best in-house restaurant on the circuit. Getting there is easy! By Eurostar to Gare du Nord, or fly to Charles de Gaulle or Orly from many UK airports.

If you would like to see any model in the **Beneteau** yachts range then please contact an **Ancasta** member of staff. We will be available on the **Beneteau** stand throughout the show and can offer complimentary **VIP tickets** to ensure some exclusive time aboard any model in the range.

I look forward to seeing you in Paris this December!

*Sense* (55')

WORLD  
LAUNCH

*This stunning new design sits at the top of Beneteau's hugely successful Sense range. Sleeping 8 plus crew, the Sense 55 is as much a statement of substance as it is of style.*

With its bold hull lines and assertive appearance, the Sense 55 has been purposefully designed to make the joy of yachting as accessible as possible in every sense. The cockpit area, with its sociable surround seating, gives an undeniable sensation of spaciousness which is further accentuated by the open transom.

Step below decks into a full-beam open plan living space that invites instant relaxation, with generous portholes providing panoramic views across the decks and beyond. Light fabrics and soft-toned woods throughout the living area give an en-vogue twist to the decor, reflecting this yacht's ultra-modern approach to nautical living. With sister-yachts from the Sense range already having enjoyed sell-out success, there's no doubt that the new flagship of this fleet will sail ahead to similar success when it launches at Paris Boat Show

# Oceanis 48/45/41

*Never has comfort  
been so great...*

These three outstanding new models are the latest eagerly anticipated examples of Beneteau's commitment to the natural evolution of the Oceanis range. While the Oceanis DNA of a large cockpit and great performance under sail remain, there have been significant improvements to sea access and interior light as well as some amazing additional features that you might associate more closely to those of a superyacht than an Oceanis.

## An Invitation to the home of Beneteau!

The Paris Boat Show is the home show for Beneteau. This means that there is simply no better place to come and talk to the Beneteau factory or visit a show which offers such a comprehensive line up of new models on display across the entire Beneteau range.

As the world's largest Beneteau sailboat dealer, Ancasta is your perfect partner in the Beneteau yachts range. We will be available throughout the show and can help with any of your plans to visit. Contact us now for your exclusive VIP invitation to the world's largest display of Beneteau yachts.

# Prestige Luxury Motor Yachts at the Paris Boat Show

For the first time **Ancasta International Boat Sales** will be attending the Paris Boat Show with **Prestige Luxury Motor Yachts**. We invite you to visit the last European boat show of the year. On display you will find the **Prestige 350, 390s, 400, 440s** and **500**.

The Paris show is entirely indoors, and as you would expect, has the best in-house restaurant on the circuit. Getting there is easy! By Euro Star to Gare du Nord, or fly to Charles de Gaulle or Orly from many UK airports.

So why not combine a romantic weekend away with a bit of winter Christmas shopping in the glitzy Paris boutiques before enjoying the boat show? A weekend trip to Paris is also an excellent opportunity to see the sights and look beyond the gloom of winter to the new boating season around the corner.

English speaking representatives will be on hand to meet you. Find us in **Hall 4, Stand B32**. Please call us now to make an appointment. Tickets are available courtesy of **Ancasta**.

À bientôt!

# Visit Ancasta on the Lagoon Stand at Paris Boat Show

France is the home of multihull design and construction and Paris is the only indoor boat show where you can view a **Lagoon** catamaran alongside her major competitors.

This year **Lagoon** will be showing the **400** in 2012 trim, fitted with three cabins and two bathrooms. Around 200 of these beautiful yachts have now been built. This is no surprise with her blend of space, performance, practicality and great looks. She has the volume of a 55 foot monohull, yet handling and maintenance by a couple couldn't be easier.

The **400** works just as well as a weekend retreat or as a blue water cruiser for the ARC and beyond.

**Ancasta** staff will be present throughout the show. Please contact us for an appointment and in return we will be very happy provide you and your party with some complimentary **VIP tickets**.

## CHARTER PURCHASE & MANAGEMENT

Purchasing a yacht for overseas charter management can be a great way to offset your running costs and keep your yacht in "turnkey" condition each time you sail. Ancasta is now working with a small and select group of charter companies, based in the world's most beautiful sailing destinations. These partners are renowned for providing the same high level of

customer service and flexibility that you would expect from Ancasta. With our charter programme you choose exactly how you want your yacht to be equipped at the outset and how much time you spend aboard each year.

# Ancasta & CNB Yachts Invite You To Experience The 2012 Bordeaux 60

**Ancasta Yachts** wish to invite you to view the recently re-styled 2012 **Bordeaux 60** at the forthcoming Paris Boat Show.

Well regarded as a 60 foot *Luxury Superyacht* from the world renowned and prestige shipyard **CNB Yachts**, this beautiful fast cruising yacht is a class leader and an absolute must see.

Amongst minor styling changes, **CNB Yachts** will exhibit the 2012 **Bordeaux 60** with some rather nice improved touches:

- A new ergonomic cockpit layout
- New 'styled' easy access pod helm stations
- A luxury 'master' owners bathroom with a full width shower/wet room

If you would like to see the new look **Bordeaux 60** then please contact Alastair Shove to book an appointment. Our staff will be available at the show and can offer complimentary **VIP tickets** to ensure some exclusive time aboard the outstanding **Bordeaux 60**.
