Join us..

At this year's PSP Southampton Boat Show, **Ancasta** are proud to be featuring the magnificent Lagoon **560** alongside the immensely popular **450**. Blending lively performance, easy handling and the ultimate in comfort has become Lagoon's trademark. **Ancasta** have always been impressed with the design and craftsmanship that utilises every inch of space to its maximum potential and provides a triumph in ergonomics.

This was recently reflected when Lagoon paid tribute to **Ancasta** at their Annual Dealer Conference in Bordeaux and awarded us with the **Best Customer Service Award**. Attending the event along with 76 other international dealers, we were very proud to be the only recipients of this prestigious accolade.

We'd like to invite you on board, where Lagoon have achieved near perfection when it comes to combining luxury without limitations. Pricing and specifications of the entire Lagoon range will also be available.

MAKING HER UK DEBUT

Achieving the ultimate in blue water cruising luxury, the Lagoon 560 offers a rig that is powerful yet simple enough to be managed by just two people, and an interior where every inch of space is utilised to its maximum potential with a design that is both elegant and functional. The 560 reflects many of the successful features seen in the 620 and benefits from a sundeck sized flybridge with doors that lead directly from the cockpit to the cabins.

THE FASTEST SELLING LAGOON EVER!

The Lagoon 450 is the fastest selling Lagoon to date. In addition to the flybridge a sun lounging area has been added forward of the helm, creating a perfect extension to the deck area. Hatches are now flush with the side decks, stream lining the design, whilst padded seats give improved comfort at the helm station. With an elegantly configured saloon and larger cabin space below decks, the Lagoon 450 is already proving to be far more popular than the 440 she replaced and provides the uncomplicated functionality that we have now come to expect from Lagoon.

We're very excited to announce that in September, a new **Lagoon 400** will be making its appearance.

With more than 250 catamarans sold in less than three years, this "best seller" has found a new lease of life thanks to the Nautica Design team, who have completely renovated the interior layout to make it an even more inviting and distinctly contemporary catamaran.

The result is the **Lagoon 400 S2**. For more information visit our website or contact your local Ancasta office.
