Ancasta International Boat Sales are thrilled to have been representing Prestige Motor Yachts for a year now, and very proud to be displaying the **Prestige 500**, the **390s** and the **350**, at this years PSP Southampton Boat Show.

As relations between our two companies go from strength to strength, so does the popularity and respect for this much acclaimed and internationally awarded fleet of luxury motor yachts. First developed over 20 years ago by world-leading builder, Jeanneau, their expertise in powerboat construction shines through the entire Prestige range.

Leading the way in safety, quality and timeless, innovative design, Prestige continue to evolve production techniques and consistently deliver the results expected of their globally recognised technology and style.

THE AWARD WINNING PRESTIGE 500

The many accolades and awards the Prestige 500 has collected since its debut have come as no surprise. Clean lines, multiple living spaces and dynamic design have all contrived to maximise performance and comfort. The wide flybridge, open cockpit, interior saloon, helm station and generously sized guest cabins are all conducive for relaxed gatherings while providing ample space for privacy. With its large windows the 500 is flooded with natural light and its living area opens out onto the aft deck, making entertaining easy, while bringing you ever closer to the outdoor elements in which her performance is outstanding.

THE IMPRESSIVE PRESTIGE 390S

With a brand new stylish interior, the Prestige 390s continues to impress as one of the most desirable of the Prestige sporting range. The 390s features a unique double cockpit, previously reserved for boats longer than 40ft. A large electronically controlled sunroof, spacious sun deck and tender garage are all part of the versatile design and with the spacious living area now modernised the 390s boasts incomparable comfort. Versatile and unique; we are delighted to be able to invite you on board.

THE INNOVATIVE PRESTIGE 350

The innovative Prestige 350 has become a benchmark in its market and is the first Flybridge model powered by stern drive. Taking on the new Prestige style, the 350 design offers far more room for accommodation and the option for precise joystick manoeuvrability at your fingertips. Upon viewing, it's obvious why Motor Boats Monthly magazine have selected this boat to be their Cruising Club lead boat. Carl Richardson, Editor of *Motor Boats Monthly* commented, "The Prestige 350 represents a fascinating and ideal magazine boat for MBM".
