CONSTRUCTION

- The composite / balsa sandwich hull is vacuum built as per the procedure long used at CNB for one-off constructions.
- The aluminium hull structure is bonded and glassed to the hull for a perfect stiffness and repartition of efforts (appendages, mast, rigging...).
- Grey gel-coat finish (waterline colour to be specified with order).
- Watertight bulkhead forward, separate sail locker, watertight compartment aft. Bulkheads are glassed and/or glued to hull and deck.
- Deck made of composite/balsa sandwich is vacuum infused as well.
- Side decks are laid with teak.
- Cockpit sole and seats finished in teak.
- Self draining cockpit.
- Cast iron keel fitted to the hull and the aluminium structure with s/s bolts (optional shoal and deep draft lead keels).
- Vacuum infused hung rudder blade, s/s rudder stock
- S/S cables on quadrant.
- Opening transom/swim platform giving access to tender garage (with hydraulic mechanism).

DECK HARDWARE

- All manoeuvring lines are led back to the steering stations.
- Double S/S stemhead fitting.
- 2000 W electrical windlass, 40 kg Delta anchor and chain.
- S/S pushpits and pulpit.
- Navigation lights.
- Double S/S lifelines, opening gate in life line each side.
- 8 S/s mooring cleats.
- S/S chainplates.
- Harken (or similar) genoa sheet tracks and cars.
- Companionway sprayhood.
- Manoeuvre turning blocks.
- Jammers.
- 2 x Harken 74 (or similar) primary electric winches.
- 2 x Harken 60.2 (or similar) secondary winches.
- 2 x steering, 5 spoke black lacquered wheels with hand sewn leather covers.
- 11 deck hatches.
- Teak cockpit table with s/s handhold, glass-holders, storage and cockpit lighting (optional fridge available).
- Central console for navigation equipment and compass.
- S/S swim ladder with wooden steps.
- Hot and cold cockpit shower.
- Lockers in cockpit, access to garage from cockpit.

FOREPEAK

- At the bow the forepeak is separated from interior by a double insulated bulkhead. Clear top-coat finish.
- Access is through a lockable deck hatch, via a s/s ladder.
- The equipment includes:
 - Light.
 - Handrails.
 - Lines attachment points.
 - 230 V outlet.

TENDER GARAGE

- The tender garage is accessible from transom when opened and from a deck hatch located in cockpit.
- Access to steering mechanism and optional autopilot via a large hatch.
- Several attachment points.
- Electric bilge pump.
- Tender inflating electric pump.
- Light top coat finish.

SPARS AND RIGGING

- Silver anodised aluminium mast, 3 spreaders, keel stepped.
- Silver anodised aluminium boom (pre-equipped for automatic reefing system).
- S/S Compact Strand™ standing rigging.
- Hydraulic boommang.
- Hydraulic backstay.
- Decklights and mooring light.
- Manual roller furling genoa system.
- Windex with lighting.
- Running rigging (Vectran & Dyneema halyards).

ENGINE

The Bordeaux 60 engine is located near the centre of

the boat for a better balance. Its power (180 HP) and the quality of the engine compartment insulation truly represent an additional comfort element onboard.

- Noise insulated (with double density foam) engine compartment.
- Automatic fire extinguisher.
- VOLVO D4 180 hp engine.
- S/S shaft.
- 4 bladed fixed prop
- Fuel tankage: 1000 l in two aluminium tanks.
- Fuel filter.
- Engine control panel in cockpit.
- 20 HP/ 15 Kw tunnel Bow thruster with control at starboard steering station.

WATER

- Fresh water tankage 1000 l in 2 s/s tanks.
- Pressurised hot and cold water.
- 60 l water heater from engine, generator and shorepower.
- Fresh water dock inlet.
- Manual bilge pump.
- 3 grey water electric pumps with collector tanks.

ELECTRICAL

- Electrical panel 12V / 24V / 230V.
- Shoreline.
- 7 KW, 230 V generator with sound shield (optional 11kva generator).
- 24V / 50 Ah battery charger.
- 12V alternator on main engine and on generator.
- 24V alternator on main engine.
- 24 V / 345 Ah service gel batteries bank (525 Ah available as an option).
- 24V / 230 V / 1500 W inverter.
- 12V / 50 Ah main engine start battery.
- 12V / 50 Ah generator start battery.
- 24V batteries bank for bow thruster and windlass.
- 24V lighting throughout.
- 12V & 230 V electric outlets.

ACCOMMODATION

Woodwork

- Several wood finishes are available for the Bordeaux 60 (see options lists). The exposed sides of the floorboards are protected via impregnation for an extra high impact resistance.

Storage

- The impressive amount of storage space onboard the Bordeaux 60 is in line with her offshore sailing programme.

Upholstery

- A wide choice of upholstery is available either as standard or as an option.
- Curtains on portholes.
- Blinds and mosquito screens on deck hatches.

COMPANIONWAY

- Access to the saloon is through a sliding hatch and a retractable door.
- Companionway wooden steps with recessed lighting.
- Horizontal and vertical handrails.
- Large drained disks locker to port.
- Technical room under companionway for filters, charger, various options...

DAY HEAD

- The day head is located close to companionway to starboard.
- Opening porthole for light and ventilation.
- Overhead light.
- Marine toilet with holding tank.
- Shower with grating.
- Automatic shower drain pump (water led to grey water collecting tank).
- Wash hand basin with hot and cold water.
- Towel rail, toilet roll holder.
- Mirror.

ENGINE ROOM

- Underneath the saloon floor, the engine room is located at the most favourable place for the boats balance.
- Sound insulated engine compartment (double density foam and visco-elastic damping sheets)

- Excellent access
- Light.
- 230 V plug.
- This compartment receives the main diesel engine, the generator in its sound proof shield, the optional air conditioning system, the water heater, pumps, water and fuel tanks.

SALOON

- Just under the deckhouse, the saloon hosts the navigation area and lounging room.
- Very clear, the saloon enjoys a remarkable panoramic view on the outside. Ventilation is by way of 4 opening deck hatches.
- Direct and indirect lighting is ensured via overhead and reading lights.
- Night courtesy light, 230 V outlet.
- Numerous lockers alongside the hull and under the seats.

Navigation area

- Chart table is to starboard, facing forward.
- Table with chart and pencil storage.
- 12 V & 230 V outlets.
- Space for navigation displays, bookshelf.
- Electrical distribution board.
- Navigation seat with adjustable height.

Lounging space

- Large L shaped settee to port.
- Extending dining / cocktail table for 8.
- 3 removable armchairs with locking system for use at sea.
- Relaxing sofa to starboard.
- Radio / CD / MP3 audio system with loud speakers.
- Handrails.

GALLEY

- The galley is located two steps down forward of the saloon, and truly belongs to the boat's "living space".
- The galley runs across the full width of the boat.
- The large saloon windows generously light the whole area, and the ventilation is ensured through opening portholes and deck hatches.
- Light above worktops.
- Functional U shape galley organization.
- It also includes:
 - Low and high stowage lockers,
 - Corian™ worktop,
 - S/S double sink with single lever hot and cold tap.
 - Built in trash bin,
 - Gimballled 4 burner electrical cooker and oven,
 - Electrical hood above cooker
 - Microwave oven linked to the inverter
 - 160l negative temperature compartment with access from above
 - 130l front opening fridge
 - 230 V outlets

FORWARD OWNER'S CABIN VERSIONS

FORWARD OWNER'S CABIN WITH CENTREBED (diagram # 1)

- The owner's cabin runs across full width of the boat.
- Light and ventilation by fixed hull portholes and 4 opening deck hatches.
- General lighting and reading lights.
- Double berth in centreline with slats.
- Drawer space underneath.
- Closet to starboard with hanging space lit by a deck hatch and a ceiling light.
- Lockers alongside, vanity with mirror.
- 230 V outlet.
- Radio / CD / MP3 audio system with loud speakers.
- The owner's cabin has a fully private en suite toilet & shower:
 - Opening deck hatch for light and ventilation.
 - Overhead light, and 2nd light close to mirror.
 - Separate shower stall with grating.
 - Automatic waste pump out to grey water collecting tank.
 - Electrical marine toilet with holding tank.
 - Washbasin with hot and cold water.
 - Bathroom cabinet with electric shaver plug.
 - Mirror, towel rail, toilet roll holder.

FORWARD OWNER'S CABIN WITH LATERAL BED AND CREW QUARTERS (diagram #2)

- The owner's cabin runs across full width of the boat.

- Light and ventilation by fixed hull portholes and 3 opening deck hatches.
- General lighting and reading lights.
- Double lateral slatted bed to port.
- Drawers underneath.
- Closet to starboard with hanging space lit by a deck hatch and a ceiling light.
- Lockers alongside, vanity with mirror.
- 230 V outlet.
- Radio / CD / MP3 audio system with loud speakers
- The owner's cabin has a fully private en suite toilet & shower:
 - Opening deck hatch for light and ventilation.
 - Overhead light, and 2nd light close to mirror.
 - Separate shower stall with grating and opening hatch.
 - Automatic waste pump out to grey water collecting tank.
 - Electrical marine toilet with holding Tank and ventilation hatch.
 - Washbasin with hot and cold water.
 - Bathroom cabinet with electric shaver plug.
 - Mirror, towel rail, toilet roll holder.

AFT STARBOARD GUEST CABIN (Diagrams # 1, 2 & 3)

- Light and ventilation via a fixed hull porthole and opening portholes.
- General lighting and reading lights.
- Double berth with slats, changeable into 2 single berths.
- Storage and hanging locker
- 230 V outlet
- Access to starboard en suite toilet via direct access door:
 - Opening deck hatch for light and ventilation
 - Overhead light, 2nd light close to mirror
 - Washbasin with hot and cold water
 - Bathroom cabinet with electric shaver plug
 - Mirror, towel rail
 - Private direct access door to day head

AFT PORT GUEST CABIN (Diagrams # 1, 2 & 3)

- Access via aft port gangway.
- Light and ventilation by a fixed hull porthole and opening portholes.
- General lighting and reading lights.
- Double bed with slats.
- Storage and hanging locker.
- 230 V outlet.
- The aft port guest cabin has a fully private en suite toilet and shower:
 - Opening portholes for light and ventilation.
 - Overhead light, 2nd light close to mirror.
 - Shower with grating.
 - Automatic waste pump out to grey water collecting tank.
 - Washbasin with hot and cold water.
 - Bathroom cabinet with electric shaver plug.
 - Mirror, towel rail.
 - Marine toilet with holding tank.

AFT OWNER'S CABIN VERSION

AFT OWNER'S CABIN (Diagram # 4)

- The owner's cabin runs across full width of the boat.
- Light and ventilation via fixed hull portholes, and opening portholes to the cockpit.
- General lighting and reading lights.
- Large centreline double berth with slats.
- Storage space underneath.
- Closet with hanging cupboard to starboard with light from opening porthole in coaming.
- Lockers alongside hull.
- Vanity.
- 230 V outlets.
- Radio / CD / MP3 audio system with loud speakers.
- The owner's cabin has a fully private en suite toilet and shower:
 - Opening portholes for light and ventilation.
 - Overhead light, 2nd light close to mirror.
 - Separate shower stall with grating.
 - Automatic waste pump out to grey water collecting tank.
 - Washbasin with hot and cold water.
 - Bathroom cabinet with electric shaver plug.
 - Mirror, towel rail, toilet roll holder.
 - Electrical marine toilet with holding tank.

GUEST FRONT CABINS (Diagrams # 3 & 4)

- The guest front cabins are accessible via the gangway forward of the galley.
- In the port side cabin: double bed with slats, storage drawers. In the starboard cabin, 2 superimposed single berths with storage space under the lower pullout berth. Each cabin has a bedside table and a hanging locker.
- In each guest cabin light and ventilation are ensured by a fixed hull porthole and 2 opening deck hatches.
- General lighting and reading lights.
- Stowage lockers alongside, hanging locker with inside light.
- 230 V plug.
- Each guest cabin has a private en suite toilet & shower:
 - Opening deck hatch for light and ventilation.
 - Overhead light, 2nd light close to mirror.
 - Shower with grating.
 - Automatic waste pump out to grey water collecting tank.
 - Marine toilet with holding tank.
 - Bathroom cabinet with electric shaver plug.
 - Washbasin with hot and cold water.
 - Mirror, towel rail, toilet roll holder.

4 CABIN VERSION (Diagram # 3)

- See GUEST AFT CABINS and GUEST FRONT CABINS versions

MISCELLANEOUS

- Owner's manual.
- 6 x fenders.
- 4 x 15m, 25 mm dia. warps.
- 2 x 25m, 25 mm dia. warps.

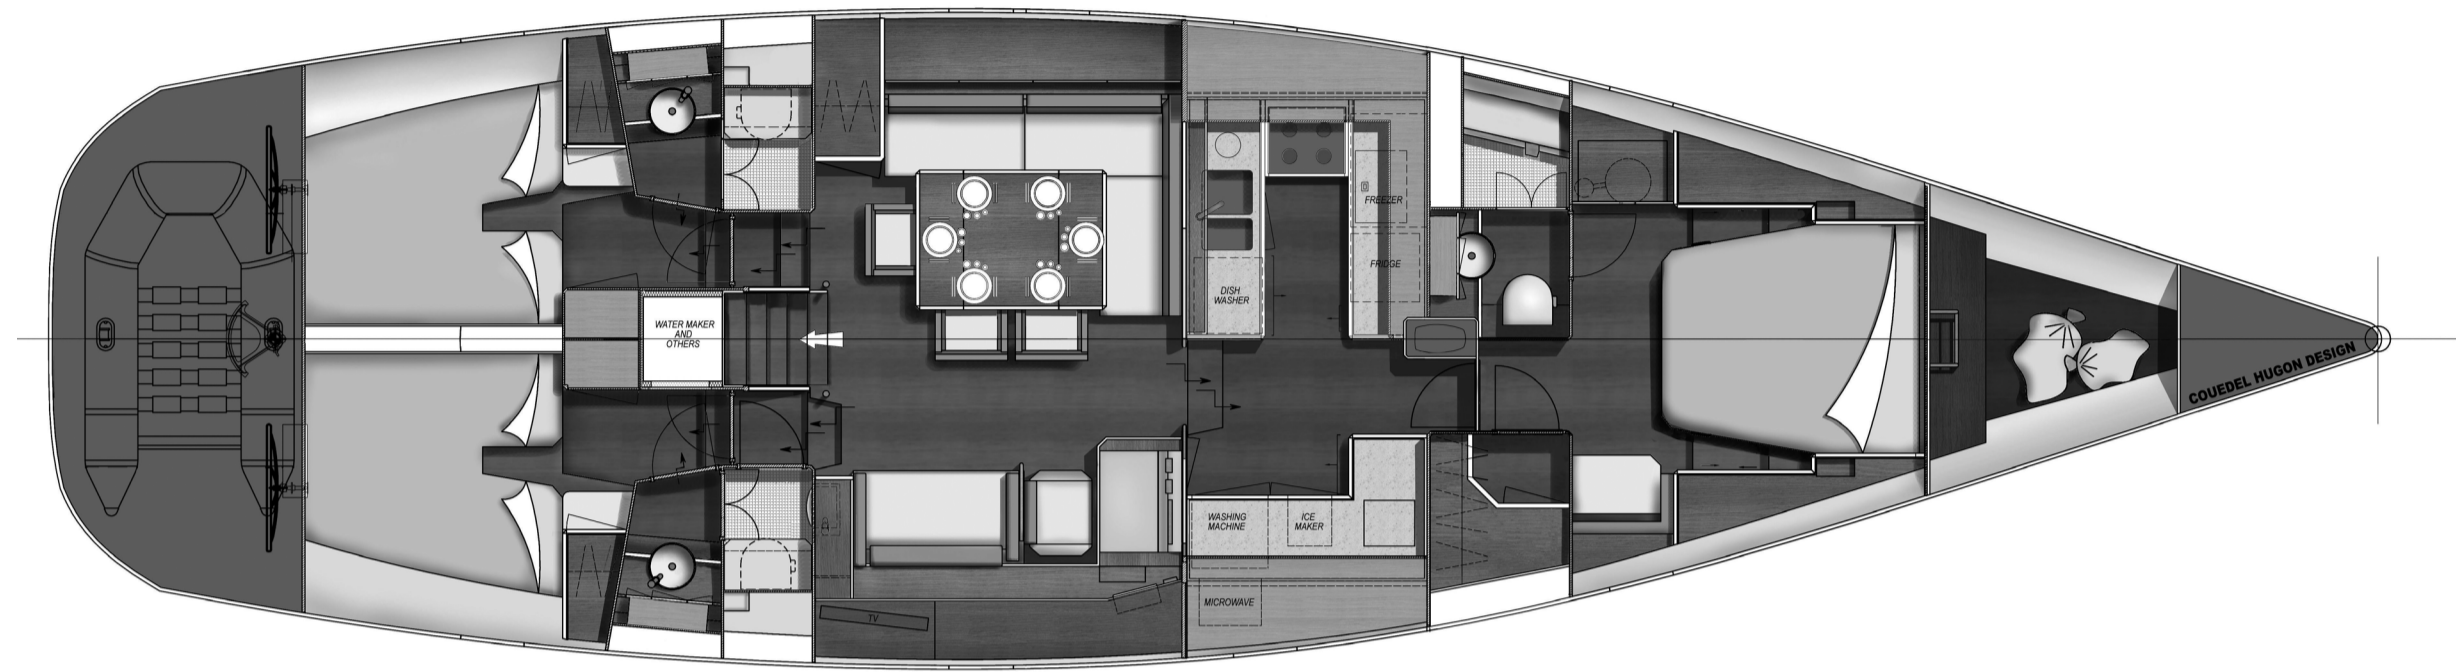

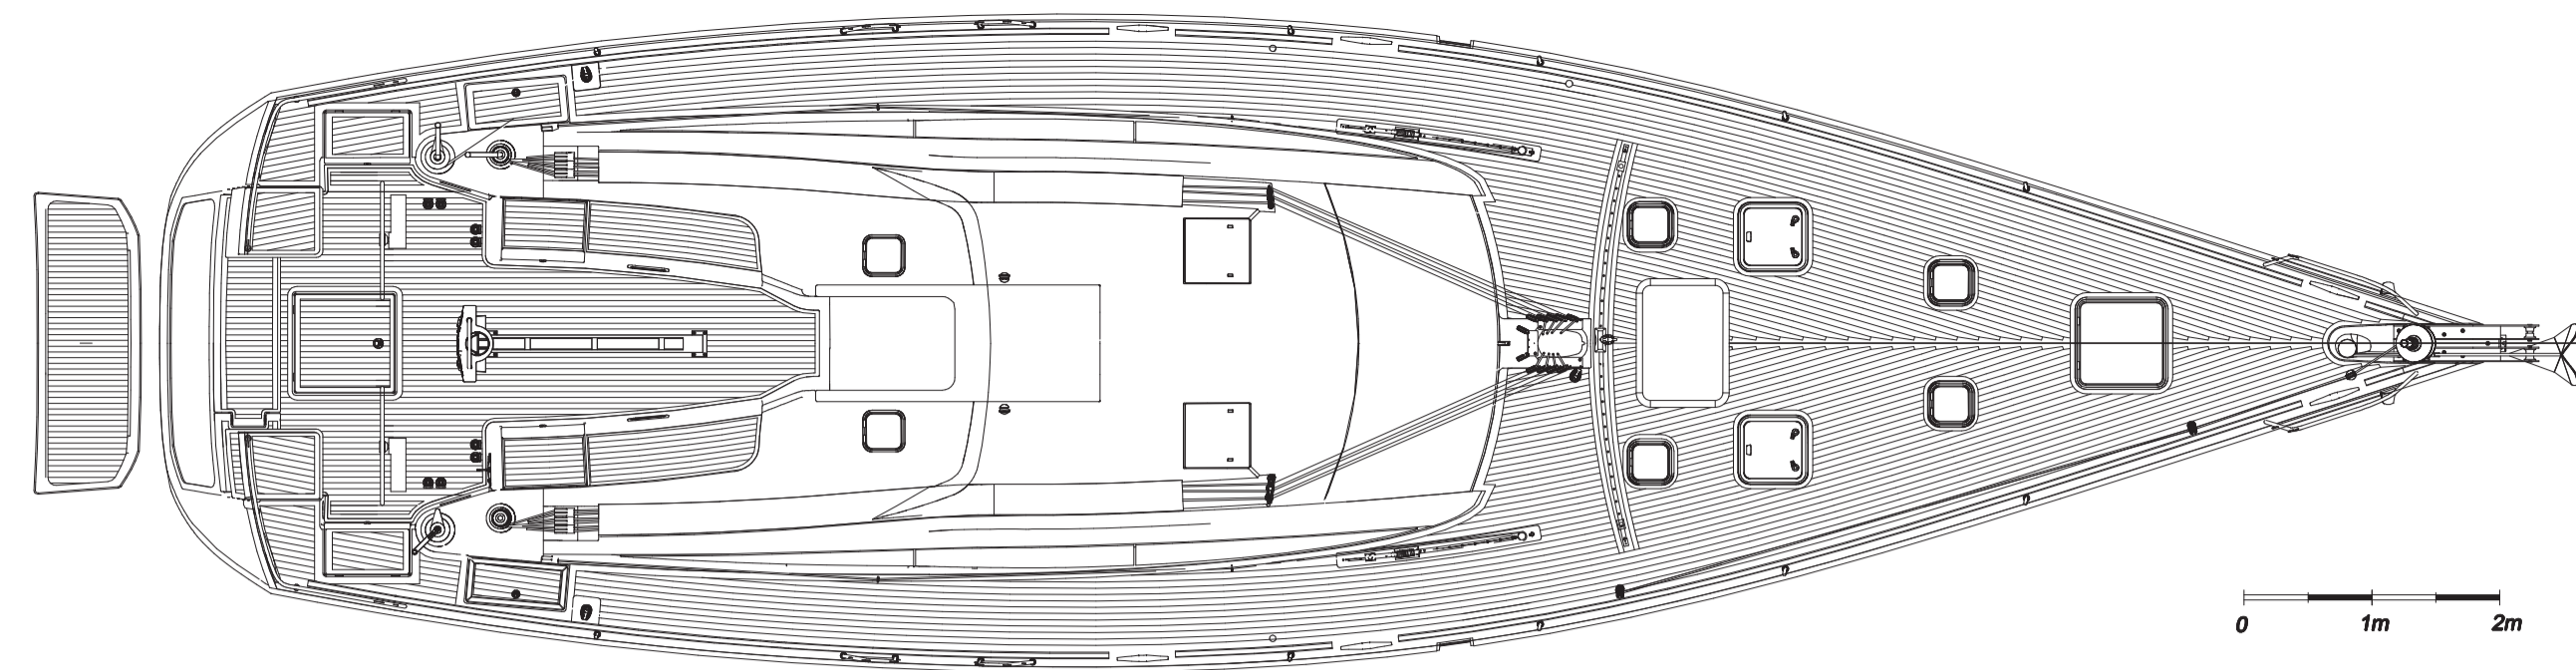

MAIN FACTORY FITTED OPTIONS

- Lead shoal draft (2.45m).
- Lead deep draft (2.95m).
- Forepeak conversion into skipper's cabin (see below).
- Forepeak conversion into workshop.
- Spinnaker/genacker gear.
- Carbonfibre pole.
- Sails on quotation.
- Lacquered mast and boom.
- Electrical in mast furling.
- Carbonfibre mast with rod rigging.
- In boom furling.
- Carbonfibre "canoe" boom.
- Carbonfibre steering wheels.
- Self locking track for foresail.
- Staysail rig and equipment.
- Davits.
- Cockpit bimini.
- Cockpit cushions.
- Sun bathing mattresses.
- Gori folding prop with "overdrive".
- Gangway.
- Navigation instruments.
- Gas/ electric stove and oven.
- Air conditioning.
- Extra fridges.
- Ice maker.
- Water maker.
- Dishwasher.
- Washer dryer
- Built in HI FI TV / Video equipment.
- Built in safe.
- Protection carpeting.

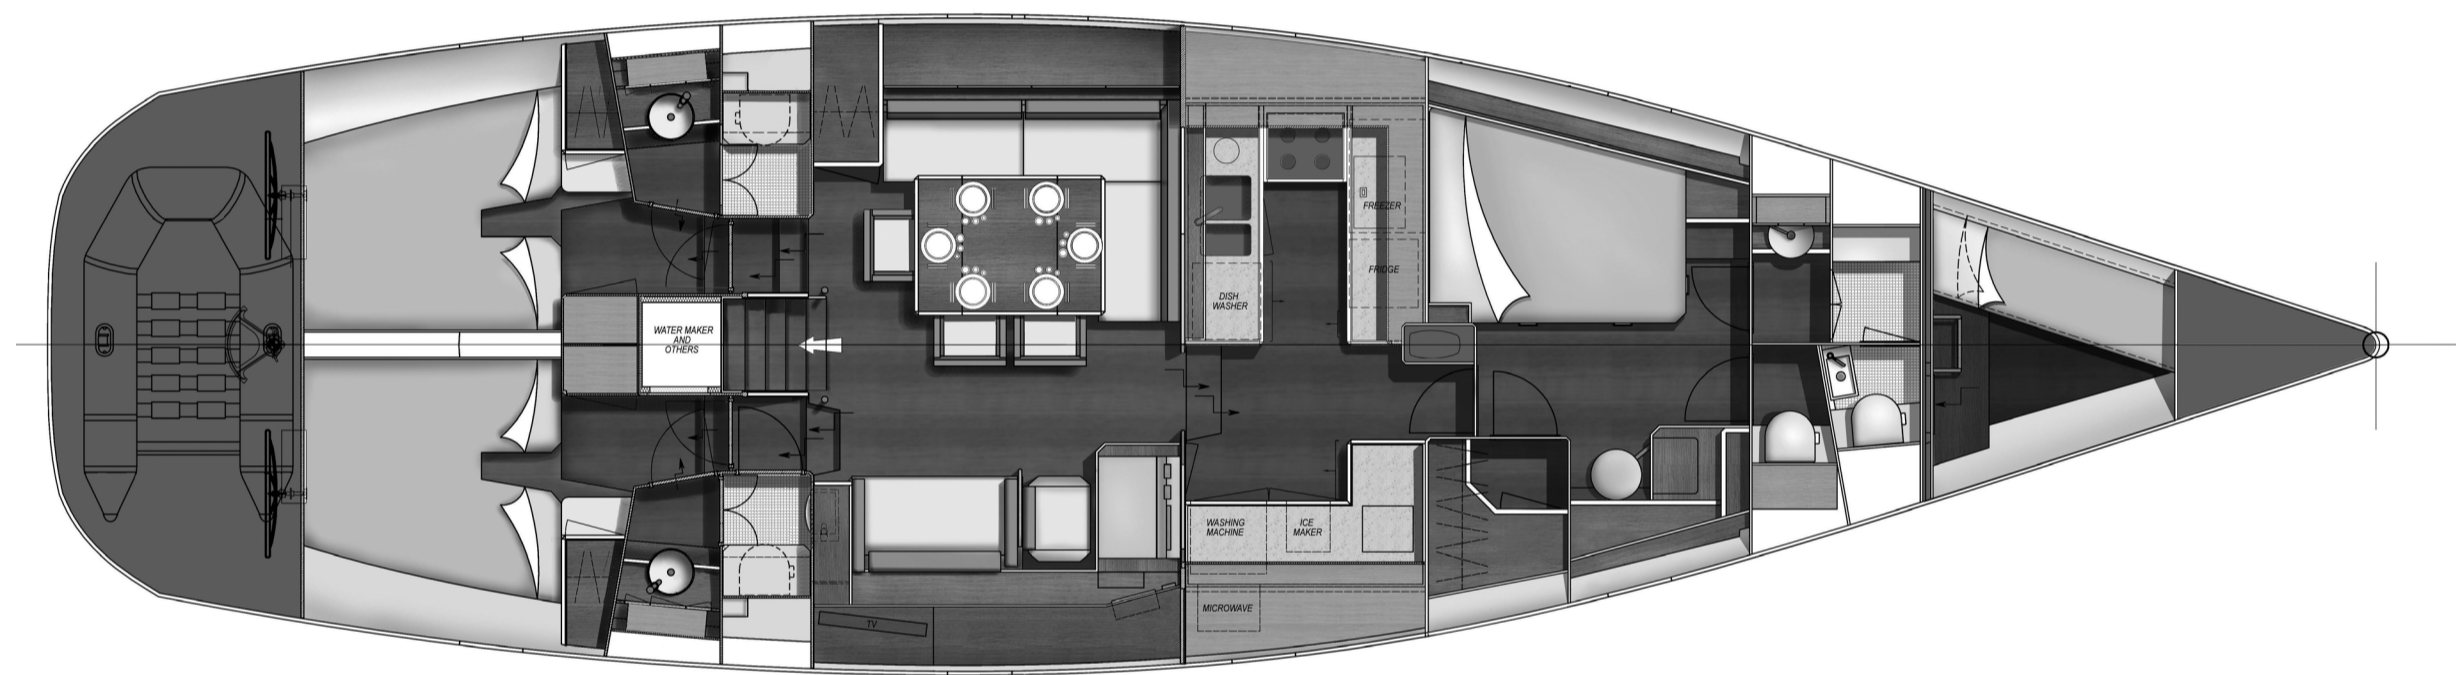

FOREPEAK CONVERSION INTO SKIPPER'S CABIN

The forepeak conversion includes:

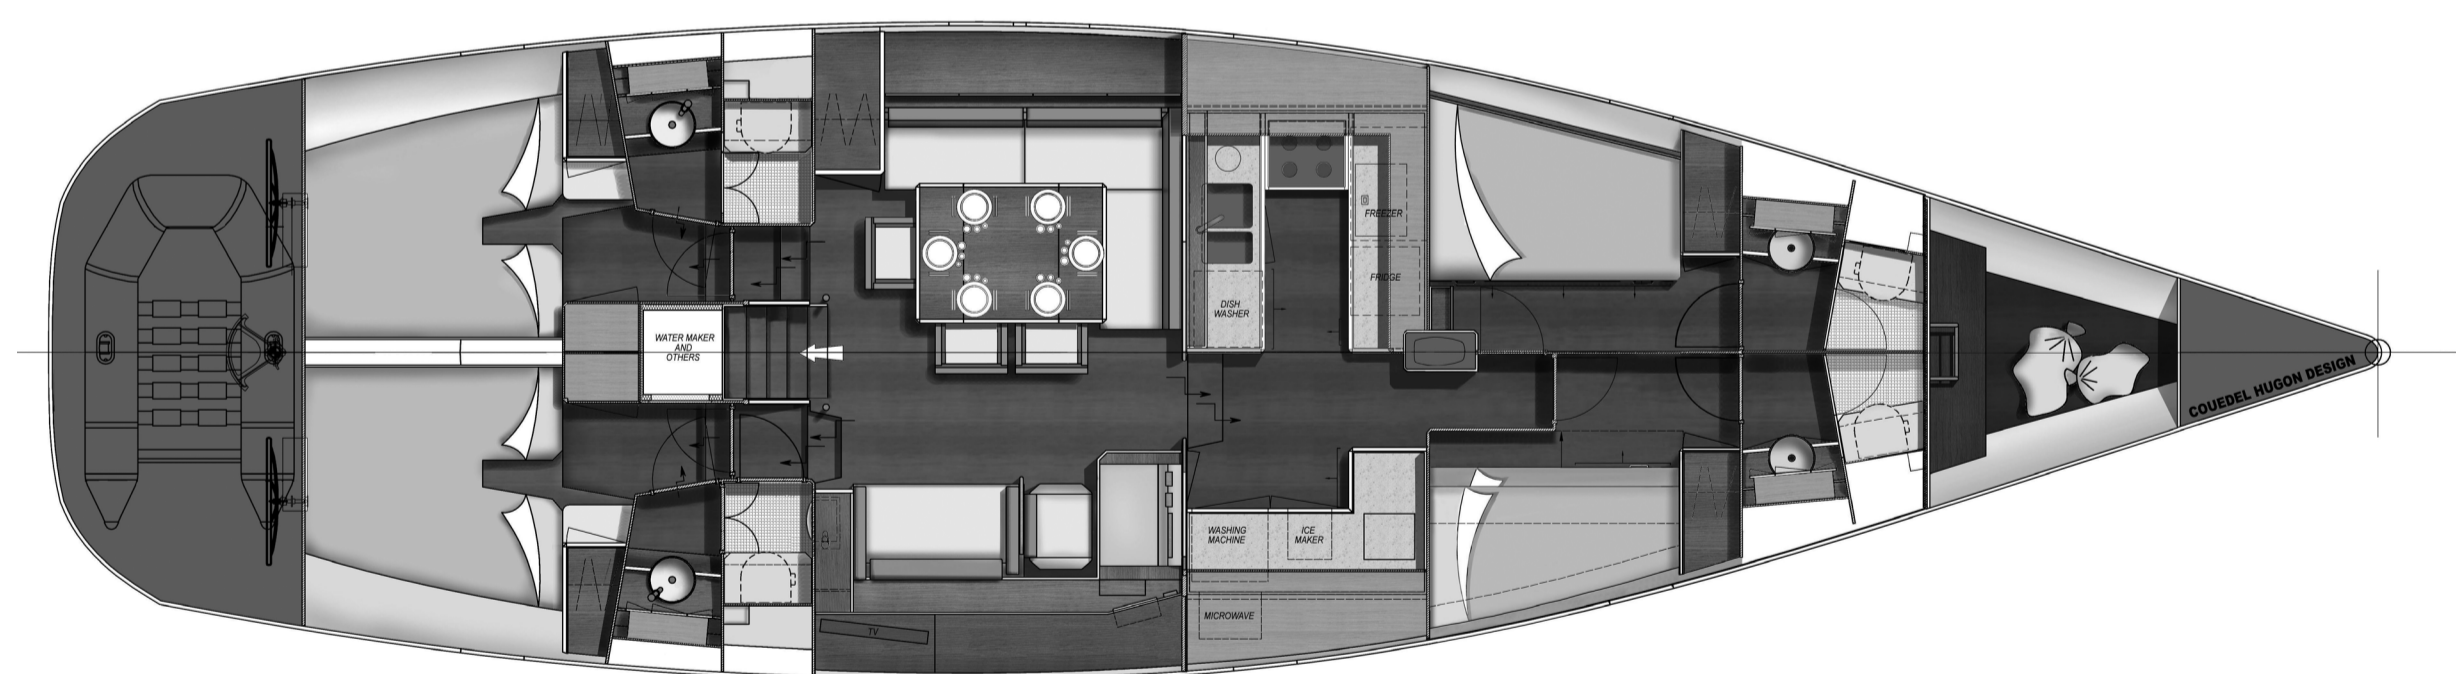

- S/S ladder.
- Light.
- Single berth.
- Large storage area under the berth.
- Washbasin with hot and cold water.
- Shower.
- Bathroom cabinet with electric shaver plug.
- Mirror.
- Marine toilet.
- 230 V outlet.
- Clear topcoat finish.
- A/C possible as an option

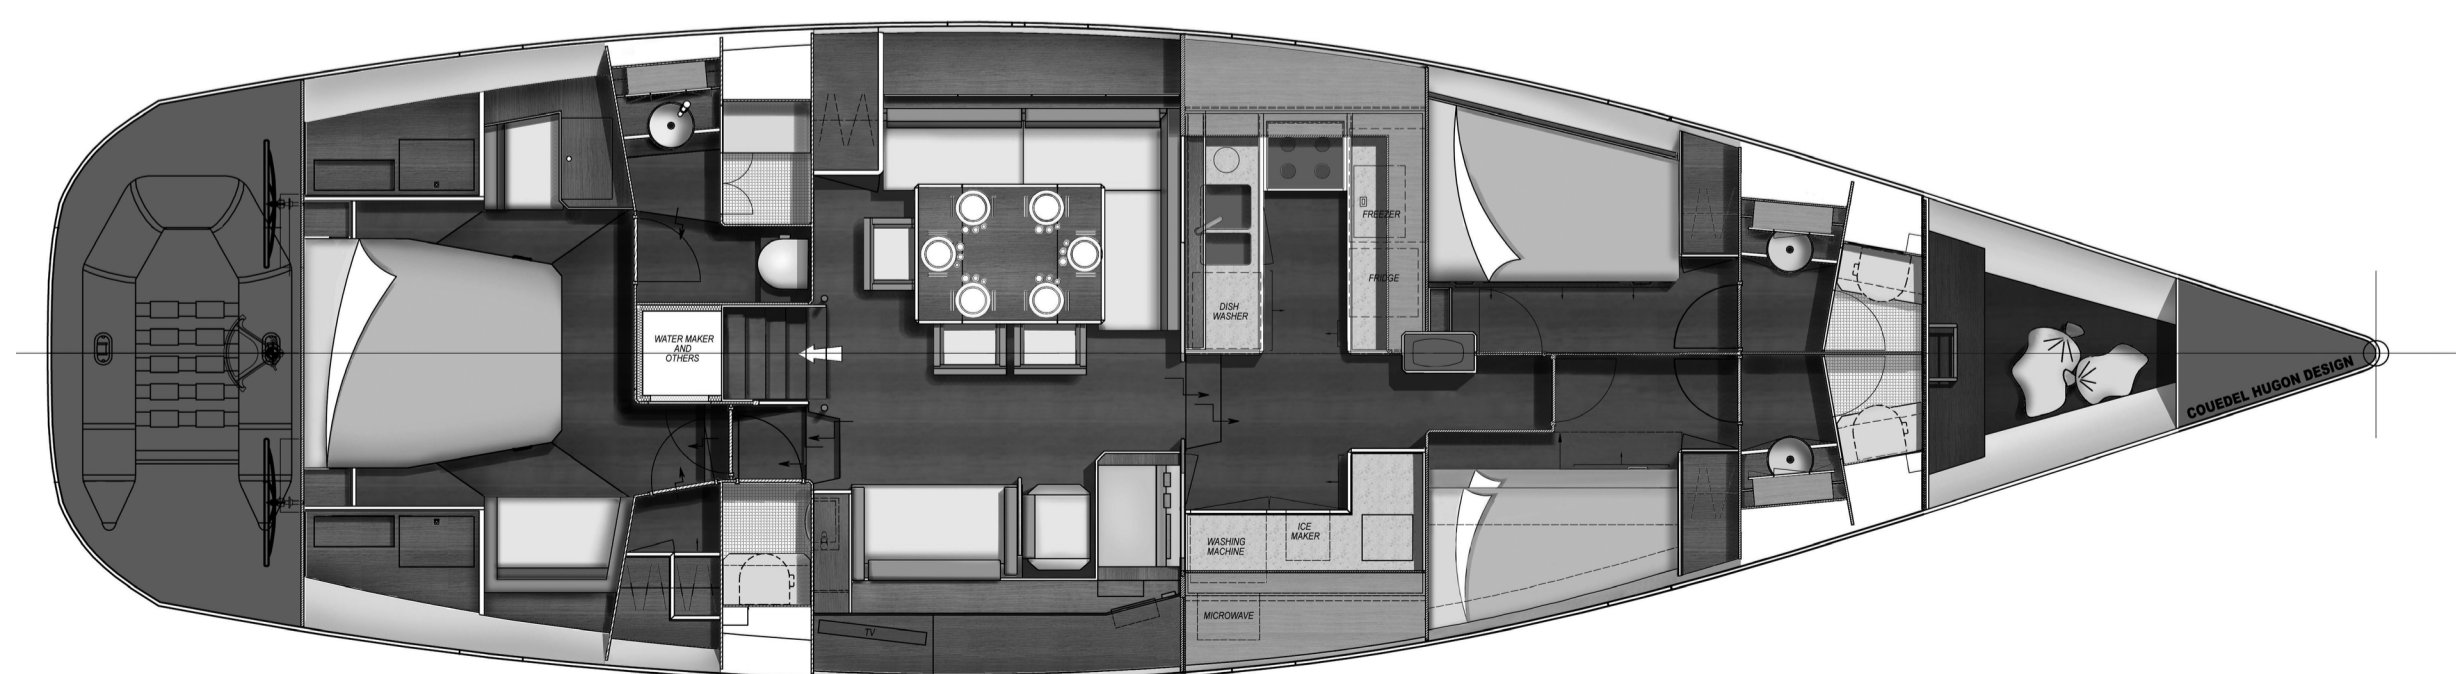

1. BORDEAUX 60 version propriétaire avant
BORDEAUX 60 forward owner's cabin layout

2. BORDEAUX 60 version propriétaire avant avec lit latéral et zone équipage
BORDEAUX 60 forward owner's cabin layout with lateral bed + crew area

3. BORDEAUX 60 version 4 cabines
BORDEAUX 60 4 cabin layout

4. BORDEAUX 60 version propriétaire arrière
BORDEAUX 60 aft owner's cabin layout
