Sealine's award winning sports convertible SC29 combines performance and practicality in one beautifully designed package. An easily-adjustable roof canopy creates a versatile all-weather cockpit, offering welcome shade from the elements. And with a twin-stepped hull created by world championship powerboat designer Ocke Mannerfelt, the Sealine SC29 is just as comfortable on the water. So, whatever you're looking for in a sports cruiser, this is one boat that has it covered.
