LA PLAISANCE

CANNES

Join us...

Ancasta International Boat Sales are thrilled to have been representing Prestige Motor Yachts for a year now, and very proud to be displaying six of their finest models at the 2012 Cannes Boat Show (QML040 - TRA101).

As relations between our two companies go from strength to strength, so does the popularity and respect for this much acclaimed and internationally awarded fleet of luxury motor yachts. First developed over 20 years ago by world-leading builder, Jeanneau, their expertise in powerboat construction shines through the entire Prestige range.

The Cannes Boat Show provides Ancasta with the ideal opportunity to showcase some of the larger Prestige boats that may not have been seen in the UK, and we look forward to meeting the owners of holiday boats which have found their home on the Cote d'Azur.

620

BOAT SHOW DEBUT. The 620 accentuates the fine balance between the clean lines of its exterior design and the elegance of the light-filled interior. The luxurious interior furnishings feature only the finest materials, and sees a range of equipment usually reserved for large cruising yachts.

500s

Unique in its market, the 500s doesn't simply offer the comfort of a much bigger boat but unveils a brand new layout by employing the concept of an "owner's suite", not usually expected of a boat under 50 feet. The 500s offers revolutionary design with exemplary results.

550

BOAT SHOW DEBUT. The 550's contemporary interior design showcases innovation in the concept and layout of living spaces, incorporating clever details for enhanced comfort and a touch of luxury only brought by highly skilled craftsmanship.

400

Highlighting a new definition of Prestige with the interior open to the sea and an impressive living space, characterises the 400. She offers a harmony of shape, materials and colours, which is both contemporary and elegant without unnecessary excess.

440s

The 440s is testament to the powerful creativity of the Prestige brand. Volvo provided the new IPS propulsion, Garroni Design added the architecture and design, Michael Peters supplied the hull forms and Jeanneau Design oversaw engineering and project management.

390s

Elegant and streamlined, the 390s enjoys the Italian tradition of a double cockpit, which has previously been reserved for boats longer than 40ft . She also offers attractive interior volumes, including a spacious saloon and two cabins, one of which is full beam.

Calling All Motor Boat Owners

Join the Ancasta Motor Boat Owners Club for FREE!

If you own a motor boat and would like to get involved with fun and sociable Ancasta events, cruises and rendezvous, why not take advantage of this free membership offer.
